

SEVEN DEAD IN WRECK

Of Building Which Yesterday Collapsed at McKinley, Texas

THIRTEEN OTHERS
WERE INJURED

Nearly Fifty People in the Building When It Collapsed

McKinley, Tex., Jan. 24.—Seven persons are known to have been killed and 13 injured when the three story Odd Fellows building, occupied on the lower floor by a dry goods and men's furnishings establishment, collapsed yesterday.

Five dead had been recovered from the wreckage at 7 o'clock and two others died shortly after being taken to the hospital.

Three of the seven injured in the hospital are thought to be fatally hurt. Fire broke out immediately after the building collapsed but was extinguished within an hour. The dead are:

ROSA WELCH.
KATIE MILLIGAN.
MISS BESSIE WADE.
RUSSELL HEIGHT, aged four.
N. L. PRESLEY, clerk.
MRS. MARY STIFF, clerk.
MISS EVA SEAREY, clerk.
The number of shoppers unable to escape from the building before its collapse was not learned. A special sale was in progress and the store was crowded.

Mayor Finch believes the number of dead at 35. Verne Graves, the only person known to have escaped from the building unhurt, said he believed 50 persons were in the store when the building collapsed.

Six hours after the crash only 21 of these had been accounted for, seven dead, 13 hurt and Graves.

Miss Mary Stiff, who was taken out alive but died within an hour, begged the firemen to kill her as the flames were slowly cooking her to death.

TAFT PAYS TRIBUTE TO WILSON.
Says Successor Stands for Best Interests of Government.

Washington, Jan. 24.—President Taft paid tribute to Governor Wilson last night at the dinner of the American Chamber of Commerce. He declared that he believed his successor would stand for what is for the best interests of the government and the people.

The president and Dr. Charles W. Eliot of Harvard made strong pleas for the extension of civil service to all branches of the government.

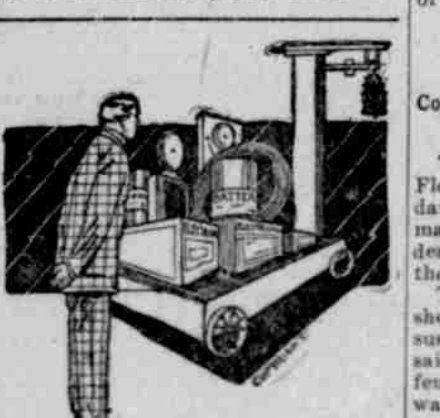

The president urged the association to stand by the incoming administration and to assist in every way the efforts which President-elect Wilson will doubtless make to hold the entire civil service intact, to improve and to protect it from the hands of political despots.

The president also said that the passage of a good banking and currency law was the most important bit of legislation that can be brought about.

Peculiar After Effects of Grip This Year

Leaves Kidneys in Weakened Condition

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as Bright's disease. Local druggists report a large sale of Dr. Kilmer's Swamp-root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-root is a great kidney, liver and bladder remedy, and, being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample bottle of Swamp-root, free by mail, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c, and \$1.00. For sale at all druggists. Be sure to mention this paper.—Adv.

WEIGH OUR ELECTRIC SERVICE by its cost, by the time it saves you and by the greater convenience it affords. Though when you come right down to it

THE COST IS VERY MODERATE. No matter whether you call on us to renew the battery in your electric bell or wire your whole house for lights or any other electric contrivances, you will find our charges as moderate as our service is prompt and thorough. We couldn't say more than that.

Constipation Is Cured by HOOD'S PILLS

STOMACH MISERY
JUST VANISHES

Time It! No Indigestion, Gas or Sourness Five Minutes After Taking "Pape's Diapepsin."

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case someone else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery.

Get some now, this minute, and for rid yourself of stomach trouble and indigestion.—Adv.

NOT ANXIOUS FOR RECEPTION.

Wilson Will Be Satisfied With Any Plan of the Inauguration Committee.

Trenton, N. J., Jan. 24.—President-elect Wilson indicated yesterday that he was not especially anxious that a reception or any other substitute be provided for the inaugural ball which he opposed. He was told that some doubt had been expressed by members of the congressional inauguration committee as to whether a reception in the rotunda of the capitol could be arranged, as the governor recommended.

"I shall be perfectly content with any arrangement the committee may make," said Mr. Wilson.

"Suppose they are unable to arrange a reception either?" he was asked.

"I shall be perfectly content."

The governor was urged again yesterday to visit the Panama canal before it is filled with water, and indicated that he would try to go. Representative Covington of Maryland called to point out the desirability of a trip to the canal before next September. "It all depends on how long the extraordinary session of Congress lasts," said the governor. "The present statutes put the government of the canal almost entirely in the hands of the executive, and it is obviously desirable that I shall see the thing in its skeleton." National Committeeman Josephus Daniels of North Carolina came to Trenton yesterday with a delegation to offer the president-elect a summer home at Asheville.

FOR EQUAL SUFFRAGE.

And Lloyd-George Expects to Have It in England.

London, Jan. 24.—"I hope we shall win on Monday," David Lloyd-George, chancellor of the exchequer, yesterday told a deputation of suffragettes representing the working women of the British Isles, when he and Sir Edward Grey, the foreign secretary, received at the treasury department.

"I certainly shall do my very best to see that the amendment to the franchise reform bill eliminating the word 'male' is passed by the House of Commons. Since I have been in the government I have become a more convinced supporter of woman's suffrage than ever."

"My experience during the passing of the state insurance legislation has persuaded me that one of the most gross pieces of injustice in public life is that women have no voice in the determination of matters which affect them more closely than men."

"I am very soon."

The chancellor of the exchequer then went on to say that the Liberal government was ready to stand or fall by Premier Asquith's pledge that if the House of Commons approved the extension of the franchise to women, the government would support it. There was no truth, he declared, in the published statements that some of the cabinet ministers would resign if the vote were given to women.

Some of the women seemed skeptical of the promises made.

WEDS ON HER DEATHBED.

Connecticut Girl Spends Last Hours With New Husband.

Torrington, Conn., Jan. 24.—Miss Florence Painter, 17 years old, adopted daughter of Hiram Painter, first selectman of Harwinton, was married on her deathbed to John Bennett, 17 years old, the family chauffeur.

The girl died of scarlet fever. That she and Bennett were in love was unsuspected until Sunday, when physicians said she could not live. Then the chauffeur got a clergyman and the ceremony was performed.

REGAN MOVED FIRST.

Proprietor of the Knickerbocker Hotel Anticipated Strike.

New York, Jan. 24.—Waiters agitating a strike among their plans anticipated at one of the large Broadway hotels early yesterday, when the Hotel Knickerbocker management discharged every one of the 230 waiters and bus boys in its employ.

When the proprietor, James R. Regan, called the men into the main dining room they believed he was to announce the concession of their demands, but instead he declared he had been harassed beyond endurance and discharged them all.

FIVE PER CENT FOR LOAN

China Refuses to Pay More for Money Borrowed

PRICE FOR BONDS
AGREED UPON

All Difficulties Arranged, It Is Said, Except Advisorship

London, Jan. 24.—The six-power loan to China will, according to the Daily Telegraph, bear five per cent. interest, China having refused point blank the demand for five and one-half per cent.

The loan will be contracted at 87 and issued at 93. A Pekin despatch to the Times confirms the difficulties arising between the six-power group and China over the \$125,000,000 loan have been overcome, and it only remains to settle with the six legations certain points concerning the foreign advisorship, which will constitute the principal guarantee of the financial reforms involved.

JUROR DRUNK AT MELLEN INQUIRY

Interrupts Examination of Fitzhugh and Dismissal by the Court

Follows.

New York, Jan. 24.—There was another slight hitch yesterday in the federal grand jury investigation of the New York, New Haven & Hartford railroad company. The foreman of the new grand jury, impaneled this week because one of the previous grand jurymen was alleged to be a resident of New Jersey, reported to the court that one of its members appeared Wednesday in an unfit condition to deliberate. He failed to put in an appearance yesterday and Judge Hand dismissed him from further service.

The remaining 22 grand jurors will continue the investigation. In his report, the foreman told Judge Hand that the juror in question was intoxicated and his behavior in the grand jury room interrupted the testimony of E. H. Fitzhugh, president of the Central Vermont railroad. The session was abruptly ended and Mr. Fitzhugh will complete his testimony later. Judge Hand characterized the juror's conduct as a serious offense, but said he would not punish him for contempt.

Counsel for the New Haven said they did not yet know what action, if any, they would take regarding the juror's delinquency. Under the law, 15 grand jurors may return a valid indictment, so the government considers it has a safe quorum in 22.

The principal witness yesterday was Benjamin Campbell, traffic manager of the New Haven.

RIGHT OF WOMAN TO KILL.

Paris Newspapers Censure Acquittal of Mme. Lamberjack.

Paris, Jan. 24.—The Paris newspapers comment severely on the acquittal by a Versailles assize jury of Mme. Lamberjack of the charge of having shot and killed her husband, from whom she had just obtained a divorce. The words of Advocate General Fournier at the trial of Mme. Bloch, who killed Mrs. Bridgeman, wife of James E. Bridgeman, an employee of the Paris branch of the New York Life Insurance company, last July:—"We would have nothing to say if you had killed your husband," are quoted in connection with the Lamberjack case, which is described by some of the journals as clearly demonstrating the failure of divorce, because the verdict appears to accord a woman the right to kill when and where she wills.

Tennessee's Senator.

Nashville, Tenn., Jan. 24.—The Tennessee legislature yesterday elected Chief Justice John K. Shields of the local supreme court United States senator for the term beginning March 4. Justice Shields is a "regular Democrat."

HYOMEI will end CATARRH

You've Tried Ointments, Sprays and Douches and Failed; Now Breathe This Balsamic, Germ Destroying Air.

Why bother with makeshifts? Booth's HYOMEI has cured thousands upon thousands of acute and chronic cases of catarrh without stomach dosing.

It will cure you if you are liberal enough to give it a chance. If you could afford the time and the expense of a visit to the eucalyptus forests of inland Australia, you could soon get rid of catarrh.

Booth's HYOMEI brings to your home the same pleasant, healing, germ-destroying air that you would breathe in inland Australia.

A complete HYOMEI outfit is \$1.00, and extra bottles, if later needed, are 50c each. The little booklet in outfit gives simple instructions for use and also explains the HYOMEI vapor treatment which many use in conjunction with the inhaler with wonderful results.

All pharmacists worthy the name sell Booth's HYOMEI.

If a dealer is not convenient, mail orders will be filled, charges prepaid, by Booth's HYOMEI Co., Buffalo, N. Y.

THAT TIRED FEELING

Suggests Grandmother's Remedy.

It's true, the season is here with its sudden changes, and the old idea that we need a blood medicine is not without reason. Too much heavy food has caused a torpid liver, sluggish blood, and a weak, tired out feeling.

Sulphur, cream of tartar and molasses was grandmother's remedy, but that has long ago been displaced by Vinol, a combination of the two most world-famous tonics, namely, the medicinal, curative elements of the cod's liver without oil, and iron for the blood.

Vinol builds you up, makes you eat more and digest better, makes your blood rich and pure—puts healthy color in your cheeks.

P. O. Barker of Bowen's Mill, Ga., says: "When I was badly run down last spring, I took Vinol in an effort to regain my health and strength and it did not disappoint me. It made me feel as well as ever."

We guarantee Vinol to satisfy you and refund your money if it does not. Red Cross Pharmacy, Burt H. Wells, Prop., Barre, Vt.

WAR TO THE KNIFE.

By Liquor Dealers Against the Anti-Saloon League.

Washington, Jan. 24.—War to the knife on the Anti-Saloon league of America was declared by the National Liquor Dealers' association, which has completed its annual session here. Many of the delegates left for their homes yesterday.

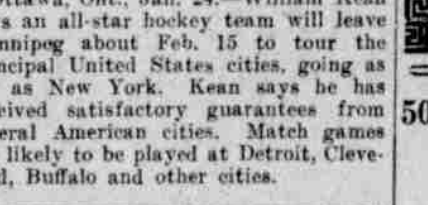

In a resolution adopted after a brief debate it was determined that "immediate action" should be taken "to oppose the nefarious methods" of the league.

Resolutions also were adopted advocating the re-establishment of the canten in the army, abrogation of brewery ownership of leases on saloons and urging closer understanding between the liquor dealers and the excise authorities. The old officers were re-elected.

AN ALL-STAR CANADIAN TEAM.

Invasion of American Hockey Centres Seems Assured.

Ottawa, Ont., Jan. 24.—William Keen says an all-star hockey team will leave Winnipeg about Feb. 15 to tour the principal United States cities, going as far as New York. Keen says he has received satisfactory guarantees from several American cities. Match games are likely to be played at Detroit, Cleveland, Buffalo and other cities.

50,000,000 TYPHOID GERMS ARE AN "INFANTILE DOSE"

Col. Banister Says That in the Army First Treatment in Inoculation Consists of at Least 50,000,000 Dead Ones.

Chicago, Jan. 24.—Colonel W. B. Banister of the medical corps, U. S. A., during a discussion Wednesday night before the Chicago Medical society on serum treatment and prevention of typhoid fever, said that 50,000,000 typhoid germs in a serum injection is an "infinitesimal dose."

"In the army we would consider 50,000,000 typhoid germs," he said. "When we vaccinate a man against typhoid fever we give him an injection of 500,000,000 dead typhoid germs, the very first time. Of course we wait until his day's work is nearly finished. But we expect him to be on duty bright and early next morning and ready for the next dose of at least one billion germs. In the last San Antonio, Tex., encampment, when the city was full of typhoid, we had 12,000 men in camp for eight months and only one light case of typhoid during the time."

LET THE BABY LIE WHEN IT CRIES

To Pick It Up May Make It a Mental Defective, Says Dr. Paton.

Chicago, Jan. 24.—Dr. Stewart Paton, special on mental hygiene at Princeton university, warned against picking up the baby when it cries, in an address here Wednesday night before the mental hygiene conference. He said this was the first step toward making this as a child, grown to manhood, a mental defective, possibly an imbecile.

"The baby soon learns that by crying it may get whatever it yearns," he said. "The next step in development is a nervous child. When about fourteen years strange impulses come into its mind; the more nervous it is, the stronger the impulses."

The address was given to show that Chicago needs a psychopathic hospital.

NEW HAMPSHIRE MAN.

Appears at Hearing on Tariff Rates in Washington.

Washington, Jan. 24.—The English manufacturers control the better grade of bed spreads and the American manufacturers supply the cheaper grades, according to George A. Tenney of Claremont, N. H., who advocated a radical reduction of the duty on lower grade bed spreads and increasing the duty on the better ones at the tariff hearing yesterday.

"All we ask," he said, "is to be put on the same basis of labor wages as the English to enable us to compete with them."

WILSON ILL VISIT CANAL.

Start will Be After Extra Session of Congress Ends.

Trenton, Jan. 24.—President-elect Wilson intends to visit the Panama canal immediately after the extra session of Congress adjourns.

He told a delegation from Asheville, N. C., who came yesterday to offer him a summer home there he is not making plans for next summer because he hoped to pass part of it in the canal zone.

A Moral Victory.

Washington, Jan. 24.—The greatest moral victory in the history of the Osage tribe was the way Acting Commissioner of Indian Affairs Abbott yesterday characterized the election of a new tribal council to succeed that deposed recently by Secretary Fisher on the charge that "undue influence" had been exerted over it by the Uncle Sam Oil company in trying to obtain leases to Osage oil lands.

The house committee on Indian affairs, which investigated the forced retirement of the old council as a result of charges by the Uncle Sam Oil company that Secretary Fisher was trying to aid Standard Oil interests is expected to make its report in a few days.

BEHIND CLOSED DOORS.

New England Governors Will Discuss Railroad Problems.

Boston, Jan. 24.—The discussion of the transportation problems of New England to-morrow, by the governors of the six states will be behind closed doors, according to the announcement of Governor Foss today.

Acceptance to the invitation of Governor Foss have been received from four of the governors, while Governor Haines of Maine will attend if he recovers in time from a slight illness.

A New Strike.

Rochester, N. Y., Jan. 24.—Following the vote Wednesday night to go on strike, over 6,000 clothing operatives yesterday morning refused to go to work and only one of the large factories here is in operation.

Suffrage Passes New York Senate.

Albany, N. Y., Jan. 24.—With but a single dissenting vote, the resolution proposing an amendment to the constitution to permit women to vote passed the Senate yesterday. The House has not yet acted on the measure.

Advice to the Heart-Hungry

The Cheese-Hound

Dear Editor:—

For years I have been passionately in love with a young lady who also loved me. But a month ago she bought a small dog. I think he's a cheese-hound.

Now, whenever I call on her, she keeps the dog in her lap, and when I try to hold her hand he bites me on the wrist.

I could win her back if I had the nerve to throw the dog out the window. How can I get the nerve?

Yours truly,
